REFERRAL FOR ASSESSMENT

Your child is being referred by Juvenile Probation to Campbell Psychological Services for a Trauma-Focused Mental Health Assessment.

This is a one-time appointment to identify your child's mental health needs and get treatment recommendations to help probation with case planning. This is not a therapy appointment.

Next Steps: JPO will send a referral to Campbell Psychological Services. Their Intake Coordinator will contact you about completing their required forms and scheduling. The Intake Coordinator will also send you a list of Frequently Asked Questions that explains more about the assessment appointment.

Location of the Assessment: Campbell Psychological Services' office at 25 East North Street, Carlisle.

Provider: Dr. Liz Campbell, Licensed Psychologist, or Shannon Snyder, Licensed Professional Counselor

Appointments: Assessments take 2 ½ to 3 hours. A parent or caregiver should plan to attend the appointment.
